NETWORKING STILL THE #1 WAY TO FIND A JOB
Networking is still the #1 way to find a job – even during a pandemic. Erin Halford, Employer Relations Manager in the CofC Career Center, gives tips and advice on how to navigate the new norms of networking and strengthen your job search strategy.

ACCESS THE RECORDED PRESENTATION IN HANDSHAKE
"Networking is simply the process of making contacts. Learning how to make and nurture new contacts is a critical skill for everyone. When moving to a new country or city, this skill can make a tremendous difference to your success. Whether you are a student or business professional, networking can improve your understanding of the trends and opportunities in your professional field."
